

## College Application Week (CAW) 2012 through 2013

### 1. Participating High Schools

- The number of high schools participating in CAW increased 85.7% from 2012 to 2013, Chart 1.
- The 13 high schools participating represent just over one-third (38.2%) of the District's 34 high schools, Chart 2.

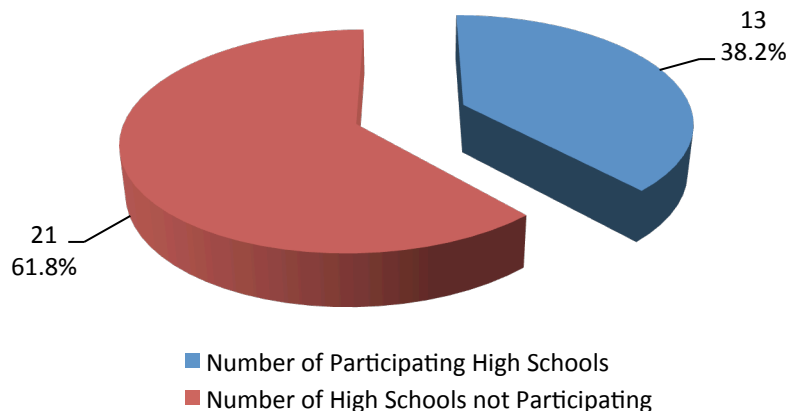

**Chart 1**

**Participating High Schools**

**Chart 2**

**High Schools Participating  
(% of District High Schools)**

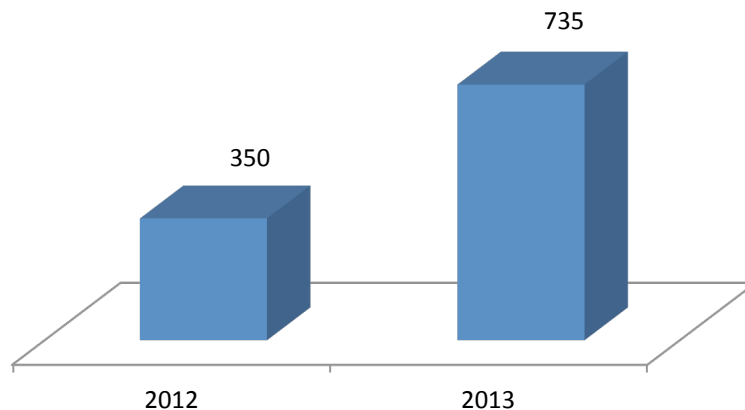

## 2. Seniors Participating

- The number of seniors participating in CAW increased more than twice as much (110.0%) from 2012 to 2013, Chart 3.
- The number of seniors participating represents slightly less than one-quarter (22.3%<sup>1</sup>) of the District's 3302 seniors<sup>\*</sup> invited to participate in CAW, Chart 4.

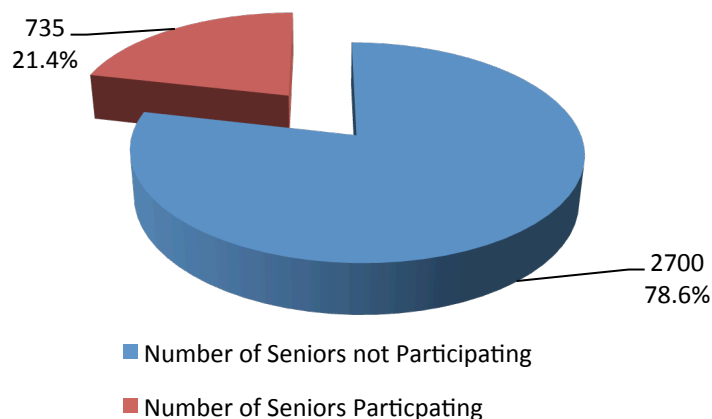

**Chart 3**

**Participating Seniors**

**Chart 4**

**Participating seniors<sup>\*</sup>  
(% of All Seniors)**

<sup>1</sup> Includes seniors at high schools that registered for CAW but did not provide data (Capital City - 78 seniors, Cardozo - 56 seniors, and Duke Ellington - 112) which skews the results.

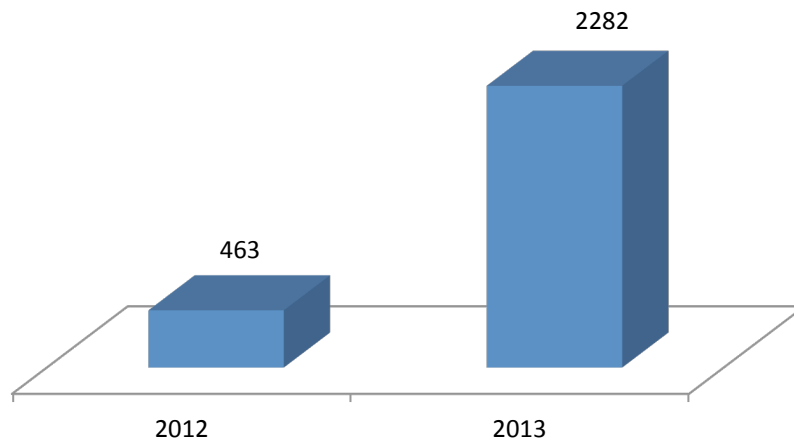

<sup>\*</sup> Includes seniors at alternative high schools that are not included in the total number of seniors represented in OSSE's Audit Report (see Appendix 1).

### 3. Number of College Applications Completed During CAW

- The number of college applications completed during CAW - 2013 was almost four times as many (392.9%) as those completed during CAW - 2012, Chart 5.

**Chart 5**

**Number of College Applications Completed**

### 4. Average Number of College Applications Completed

- The average number of college applications completed during CAW – 2013 was three (3.1 with rounding) while the average number of college applications completed during CAW – 2012 was 1 (0.7 without rounding).

**Appendix 1**  
**Percent of Seniors Participating and Average Number of Applications Completed**

School Name	Seniors	Seniors who Participated	% of Seniors Participating	Number of Applications	Average No. of Applications <sup>2</sup>
